Dear Mr. Skaleski:

Just a note of appreciation for the OUTSTANDING job you and your crew did for Hurco and me at IMTS 2000.

The professionalism and "can do" attitude that you and your crew demonstrated during setup, show time and teardown was very impressive. Your effectiveness enabled me to do what I do best "Sell Product".

I look forward to working with you during our next trade show and thank you again for helping Hurco have a great IMTS 2000!!!

Sincerely,
